

Canister Vacuums

V-CAN-12 | V-CAN-16

Designed to be easy to use and efficient, Tennant canister vacuums clean carpets and hard floors in a wide range of environments such as hotels, restaurants, retail, and offices.

- Thoughtful features promote ease of use for operators
- Durable components contribute to a long useful life for the machines
- Robust housing with 55% recycled plastic developed to deliver the same qualities as new
- Designed and Built in Europe

Canister Vacuums

The dry canister vacuum range is designed for cleaning specialists, such as contract cleaners and cleaning companies. It helps ensure high productivity and cost savings.

Maneuverable and durable, Tennant canister vacuums are available in three models. Tennant canister vacuums offer:

Efficient and ergonomic design, tailored to help users work without extra strain

Standard 3-stage filtration, provided to clean floors while maintaining good air quality

Quiet performance, engineered so that floors can be cleaned without disrupting work nearby

Construction with **recycled plastic** contributes to sustainability programs and performs like new plastic

V-CAN-12 Canister Vacuum

Efficient and powerful choice for frequent cleaning, maneuverable in tight spaces.

- 3-stage filtration (with foam cartridge as standard)
- Integrated cable wrap
- Convenient handle that manages wand
- Two parking positions for easy storage and use
- Detachable cable
- Optional tool holder kit

V-CAN-16 Canister Vacuum

Quiet, high-performing vacuum for many applications, with a high-capacity tank.

- Standard 3-stage filtration (with HEPA cartridge as standard)
- Integrated cable wrap
- Speed regulator that provides noise adjustment
- Full bag indicator
- Telescopic wand
- Detachable cable
- Optional tool holder kit
